

# about Golf SIMULATORS

about performance.

about entertainment.

**aboutGolf.**

With over 25 years in the golf simulation business, aboutGolf is dedicated to the pursuit of perfection of indoor golf. Our deep roots as the world's number one all-time manufacturer of computer golf simulation software have given way to revolutionary technology. Characterized by an insatiable desire to push the envelope, we continue to challenge convention and think beyond today.

**AS A PARTNER OF PGA TOUR AND GOLF CHANNEL,  
ABOUTGOLF UNDERSTANDS WORLD-CLASS BRANDS,  
TECHNOLOGY AND PERFORMANCE.**

Official  
Golf Simulator  
Provider

Exclusive On-Air Simulator Provider

Configured to fit  
**your needs.**

**ABOUTGOLF® IS COMMITTED TO PROVIDING  
AN UNPARALLELED EXPERIENCE TO OUR  
CUSTOMERS. MAKING THE BEST GOLF SIMULATOR  
IN THE WORLD IS ONLY THE BEGINNING.**

## 1 RESIDENTIAL

aboutGolf Simulators are custom designed to provide a high-end theater-quality experience for the entire family. Let your simulator be your gathering place, your clubhouse, your family time. Not only can you improve your game, but you can replace that closet full of board games for aboutGolf's Challenge Games, Event Games, Short Course Masters, Ranges, MiniGolf, Skee-ball and so much more! Stay in for an HDTV surround sound environment that's perfect for watching movies, play games, and stay-to-date with friends and family alike.

## 2 INDOOR GOLF CENTERS

Custom designed centers coupled with unparalleled performance make aboutGolf the logical choice for indoor golf. Add the capability for hosting events, fundraisers, parties, social outings, customer satisfaction and repeat business, you now have the essential elements for a successful indoor golf center. Add the ability to provide advertising and promotional information to the customer and it becomes the most effective selling tool on the market. Your customers will experience a blend of entertainment and game improvement options like never before.

### **3 GOLF & COUNTRY CLUBS**

Whether promoting league play, club fitting, instruction or hosting fundraisers and parties, aboutGolf simulators are a one-stop solution that promotes your club in the very best light possible while generating year-round revenue streams. Our simulators will help increase revenue through new memberships, year round golf leagues, increase in food and beverage sales and year round golf pro activity.

### **4 INSTRUCTORS & UNIVERSITIES**

aboutGolf simulators are used by instructors every day to improve their customers' performance. Whether amateur or PGA professional, our technology allows the golfer to improve each and every day, regardless of the weather. Your skills as an instructor, plus our spot-on accurate information, equals the perfect marriage of teacher and technology.

### **5 CLUB FITTING & RETAIL**

aboutGolf simulators are versatile and allow retailers to provide instruction, club fitting and player practice all in the same space. We also offer management tools to enhance your operations. Open up brand new revenue streams while providing the most accurate data of all golf simulators to your customers.

### **6 EQUIPMENT MANUFACTURERS**

aboutGolf is pleased to include equipment manufacturers such as Callaway among its clientele. Discerning OEM's rely on quality data and information and aboutGolf provides it with our 3Trak® launch monitor and simulators.

### **7 SPECIAL EVENTS**

aboutGolf has established itself as the premier event service in the golf industry. The ability to provide \$1,000,000 hole in one insurance and handle thousands of people utilizing state-of-the-art software gives our clients an unparalleled experience for their target market.

# Professionally designed to **compliment your space.**

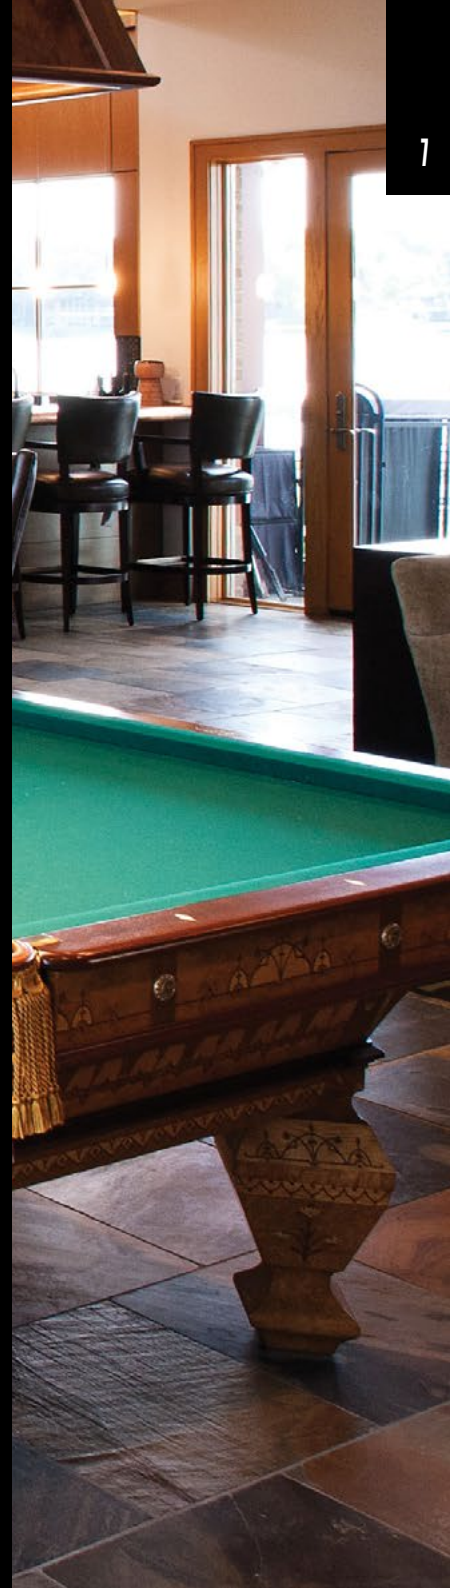

As a partner of PGA TOUR and Golf Channel, aboutGolf understands world-class brands, technology and performance. Install a custom designed PGA TOUR Simulator in your home or business for an exceptional golf experience.

- Modified Flooring/Turf Options
- 40+ Premium Courses

# We build, **you play.**

## PGA TOUR CLASSIC

Just like the name states, the Classic has a traditional simulator layout and provides a truly classic golf experience. It is sized and priced as an ideal solution for any customer type, including retail, indoor golf centers, homes, golf courses or academies.

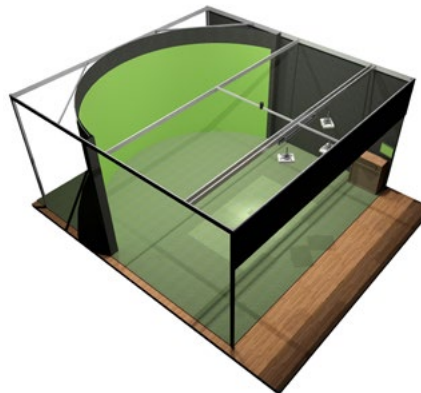

## CLASSIC COMPACT

Designed to fit into smaller spaces without making sacrifices in playability, the Compact Classic is ideal when space is limited. All the same great features in a smaller footprint, made possible by a double-sided hitting configuration.

## CURVE

Our most versatile and dynamic simulator option, defining the far-reaches of immersive technology. This system's infinite possibilities in simulator width, arc length, curve depth, and peripheral view make it flexible enough to fit most spaces.

## WIDESCREEN

Ideal for integration into a home theater, the Widescreen provides the optimal experience for cinema, gaming or golf. Multi-purpose entertainment is taken to new heights with the stunning image of the Widescreen.

## SIMSURROUND

With three full-size projection screens and 150 degree display, the PGA TOUR SimSurround is the only one of its kind. Stand on the tee with almost your entire peripheral vision filled with the course.

SIMULATOR MODEL	STANDARD FRAME SIZE	ROOM SIZE REQUIREMENT	WIDTH MIN.	WIDTH MAX.	HEIGHT MIN.	HEIGHT MAX.	DEPTH MIN.	DEPTH MAX.

From our complete enclosure to a hardwall simulator, all models are available in a variety of customized options to fit your home or business.

# Game changing technology.

AG SIMULATORS PROVIDE ALMOST EVERY PIECE OF DATA AND INFORMATION A PERSON COULD ASK FOR, FOR EACH AND EVERY SHOT. EACH OF THE TECHNOLOGIES IS WORLD-CLASS BY THEMSELVES, BUT WHEN PUT TOGETHER THEY BECOME THE BEST INDOOR GOLF ENVIRONMENT ON THE PLANET.

## **3Trak**

aboutGolf Simulators are powered by 3Trak®; aboutGolf's patented, three-dimensional, high-speed camera and tracking system. 3Trak® machine vision technology extracts every bit of usable data from dozens of images per shot. It provides accurate ball and club data on any type of shot regardless of speed, spin or launch angle. The shot is then replicated in the simulator using advanced flight and terrain physics allowing you to see and play the shot as if you were outdoors. The result is the most realistic indoor golf experience possible.

## **aG BALANCE<sup>®</sup>** **—PRO**

aG Balance Pro is the world's leading golf balance and weight measurement system. Using a patented platform that is hidden under the playing surface, the technology independently measures the weight of each foot in real time as it shifts during the swing without influencing the golfer's environment. This technology is used by leading instructors around the world to help the very best golfers improve and understand their game.

## **aG FLIX<sup>®</sup>**

aG Flix is a world-class video recording system that incorporates up to five color or monochrome cameras that simultaneously record your swing. aG Flix creates an unparalleled indoor instruction and video environment that does not wash out the simulator's projected image. Now it is possible to see your shot shape and performance indoors while also reviewing high speed quality color images of your actual swing.

## aG DATA®

Create an online profile where all your customers shots, scorecards, videos, and balance data are automatically uploaded to their private locker in the cloud. Online lockers can be used by instructors to remotely review progress and provide guidance. Remote lessons are possible with commercially available tools where an instructor can remotely control the simulator. Now golfers can efficiently use their time on the simulator to practice, and analyze their data from the comfort of their home.

aG Data allows golfers to review their data from the convenience of their home or office. Players create a profile and password for secure log in on any simulator as well as the aboutGolf website ([agdata.aboutgolf.com](http://agdata.aboutgolf.com)) to access their profile data. Shots at the practice range are saved under the players profile allowing them to compare each shot in a number of different formats

# Discover worlds of **entertainment.**

## **FLI**

The beauty of FLI is in its simplicity. It allows for easy connection and management of all of your devices within your simulator space. FLI transforms your simulator into the ultimate, high performance entertainment center. In addition to providing a seamless entrance into the aboutGolf Simulator and aG Games, you can now expand your experience by connecting all of your favorite high definition devices including: cable or satellite TV, Xbox, PlayStation®, Blu-ray player, Google, Amazon® and Apple Smart devices.

## **aG GAMES**

The aG Games platform features aboutGolf's classic closest-to-the-pin and longest drive contests, updated to be points based with available AdKit software. Also included are mini golf, golf arcade games and 1000+ challenge events (sand, water & obstacles) with more content under development. aboutGolf's "Short Course Masters" Par 2 competition mode allows any hole on select courses to be played from 20 up to 100 yards. Use aG Games for family entertainment, introducing young golfers to the game and for new and exciting ways to approach game improvement.

HOLE IN ONE!

# Courses you know, accuracy **you can trust.**

WITH OVER 70 COURSES AVAILABLE, ABOUTGOLF SIMULATORS OFFER COURSES FROM AROUND THE GLOBE RENDERED WITH UNMATCHED ACCURACY. WE PRIDE OURSELVES ON RENDERING COURSES WITH UNMATCHED ATTENTION TO DETAIL. THE COURSES INCLUDING TERRAIN, TREES AND FOLIAGE ARE ALL REAL THREE-DIMENSIONAL OBJECTS—IF YOU HIT THEM WITH A GOLF BALL THEY WILL IMPACT YOUR PLAY JUST LIKE OUTDOORS. ABOUTGOLF PROVIDES AN ENVIRONMENT THAT IS AS REAL AS MODERN TECHNOLOGY ALLOWS.
